
		Start Time	AltaML Room	Chata Room	Dataiku Room
Friday 12th	9:00	Remo Link https://live.remocopy.com/join/yyc-datacon-altaml-room-friday-m	Room Opens	Room Opens	Room Opens
	9:15		Welcome	Welcome	Welcome
	9:30		The AltaML Applied AI Lab	Transformers for NLP in Tensorflow 2.0	Networking
	10:00				
	10:30		Networking	More than the Model: Core Challenges & Key Strategies for Commercializing AI in Products	Threshold Analysis for Better Drill-String Vibration Classification
	11:00				
	11:30		Visualizing Answers to Questions	Reliable Data Lakes at Scale Leveraging the Delta Format	Centaur and Intelligence Augmentation: Human-AI Systems in 2021
	12:00				
	12:30		Break	Break	Break
	Start Time	AltaML Room	Chata Room	Dataiku Room	
12:45	Remo Link https://live.remocopy.com/join/altaml-room-friday-afternoon-ses	Room Opens	Room Opens	Room Opens	
13:00		Modelling Physical Systems with Graph Databases	Building Innovation Energy for the Oil and Gas Industry	Networking	
13:30					
14:00		Mineral Exploration using 2D & 3D Convolutional Neural Networks	Networking	PANEL: Organizational Data Culture	
14:30					
15:00		Networking	What They Don't Tell You About AI	How to De-Risk AI Product Development in Your Organization	
15:30					
16:00		Machine Learning Solutions for Oil and Gas	Using CNNs and NLP to Extract Food Safety Data from Paper Forms	Networking	
16:30			How We Created Value From Oil & Gas Data		
17:00	Closing remarks and draws				

	Start Time	AltaML Room	Chata Room	Dataiku Room
Sat 13th	9:30	An Introduction to Explainable AI, Towards Understanding ML Models	Advancing the analytics culture, talent and education at Suncor – A transformation initiative	Bridging the Chasm: Aligning Data Science and Traditional Information Systems
	10:00			
	10:30	MLOPs on Terabyte Scale Data	From Sensor to Payment - Leveraging IoT to Automate Real-time Operational Performance Management via Blockchain & Smart Contracts	Networking
	11:00			
	11:30	Production AI/ML Pipes that handle Tabular, Vision, NLP and Time Series with MLOPs	Networking	Innovation and Responsible AI
	12:00			
	12:30	Networking	Data Science in Wind Power Production	Generating Reality
	13:00			
	13:30	Panel: Future of Calgary's Data Economy	Networking	
14:00
